THE DEFINITIVE GUIDE TO DESIGNING YOUR DREAM HOME

mint interior design

AS GOOD AS GOLD

A keen passion for design drives mint interior design owner Maureen Grace Haggerty to create beautiful, livable interiors that reflect clients' personalities and lifestyles. Tailored lines and purposeful selections of color, pattern, and texture infuse each of our installations. We've been designing award-winning interiors for over 30 years! Recent recognition includes two 2021 ASID MN Design Excellence Awards and several 2021 Midwest Home Design Awards. Whether you are building a new home, remodeling an existing residence, or renovating a single space, we thrive on creating spaces that reflect our clients' vision and personal style.

WORTH ITS WEIGHT IN GOLD

We advocate for your needs throughout the entire process and serve as a dedicated collaborator with your architect, lighting specialist, builder, and all other professionals on your design team. At every step, we consider both the big picture and the small details, allowing you to feel at ease, make informed decisions, and enjoy the process. Simply put, we listen to you! We strive to design spaces that are even better than you imagined.

GO FOR THE GOLD!

As an integral part of your team, we serve as supportive counsel, providing invaluable experience and product knowledge to help you achieve your dreams and save time and expense. By translating your ideas into effective solutions and resolving any issues as they arise, we can turn your vision into a beautiful and sparkling reality!

THE GOLD STANDARD

"Maureen Grace Haggerty is a terrifically talented interior design professional. She has an especially keen eye for color. Mint designed our downtown Minneapolis condominium from scratch, and we are enormously pleased with the end result! We highly recommend Maureen to anyone seeking a top interior designer."

—Nancy and Andy Birrell, Minneapolis
